Projects

Portfolio

2024

React | React Bootstrap

This react application is my portfolio website where my front end development skill are showcased along with the various projects I have done in the similar line.

Bluewonk

2023-2024

React JS, React Bootstrap, React Redux

Bluewonk is a blogpost application where the blog is all about the topics I want to share my knowledge on and on the topics I am interested in.

Trigli

2024

React JS, React Bootstrap

Trigli is a react application that helps the user in journaling about their triggers and glimmers leading them to track their behavior. It is more like a note taking app but with specific use case.

Check more of my project in my github

Work Experience

Tata Consultancy Services

Associate System Engineer
